# STAFF BENEFIT FREE WILL WRITING SERVICE

Our Free Will Writing Service has expanded to encourage more people in Scotland to write a Will. Up to 69% of adults in Scotland do not have a Will according to a 2024 survey by The National Will Register.

Our Free Will Writing Service eliminates the cost, educates and makes Will writing accessible to all that have employment through an organisation or business that joins the programme.

Our service, which has been in high demand since its inception is now open to you, your spouse/partner and also your extended family!

# WHY MAKE A WILL?

## FREE WILL WRITING SERVICE

- By simply making a Will, you assist your loved ones by reducing their administrative duties and relieving of them of a heavy burden.
- If you don't make a Will, your estate will be distributed according to “Prior Rights”, “Legal Rights” and the rules of intestacy on your death which means your estate may not go to who you would have chosen.
- If you have children under the age of 16, you need to make a Will so you can appoint legal guardians to take care of them should the worst happen and not leave it to chance or the courts to decide.
- Other reasons why you should consider making a Will include recording who the carer of your pets should become, who you may not want to inherit your estate and documenting any specific funeral directions.
